To the Trade

An experience covering a period of fifteen years in the manufacture of Sewer Pipe, has enabled us to produce a quality of pipe which we know to be inferior to none and equal to the best. Years of costly experiment with clay mixtures and burning, enables us to offer to the trade a quality of ware, which we confidently believe merits your patronage. Our facilities for shipping are unexcelled.

We present this booklet hoping that it may be a means of prompting inquiry and establishing business relations for mutual benefit.

Very truly yours,

CHICAGO SEWER PIPE CO.
